

CCA's Noteworthy News

December 2009

Great job CCA students on the Christmas Program Friday evening! I'm so proud of each and every one of my music students--you sang so well and speakers, you did a great job too! Thank you to parents and CCA staff for helping make the program a success! And, thank you Mr. Corey Johnson for the piano accompaniment--it was beautiful!

Thanks to the Junior High students for their part in the program as well. They all helped out in one way or another to make the night successful--whether it be working backstage, folding programs, or sitting with the younger students--thank you!

Now that we are through our program, we will be moving on to other areas of Core Knowledge music in the new year. The elementary students will be viewing "The Nutcracker" before break. We'll be discussing the four families of instruments in an orchestra as well as discussing how music and dance can tell a story. Junior High students will finish up their study of Wolfgang Amadeus Mozart before we leave for break.

Merry Christmas!
Ms. Stacy Thompson
