

Dear Parents/Guardians,

Thursday, April 15, 2010

Last spring CCA offered a program for ordering school supplies through the school, and these supply kits were delivered to each student’s classroom, waiting for students at Back to School night in August. Those who took advantage of the program were pleased with the products and applauded the convenience. Once again, CCA teachers and PTO would like to offer this service in an effort to provide convenience and economic savings to our families.

The class supply lists for next year are on the website. If you choose to order from CCA this year, your child(ren) will receive everything on his/her list. Teachers and parents have volunteered to do the shopping and dispersal over the summer in an attempt to find the best value for everyone. The cost of each kit reflects a small profit (\$5 or less in most cases) for each grade level to help fund special learning activities, including bus costs, field trips, guest speakers, etc. If you would like to participate in this year’s program, please fill out the following order form and return with the total amount (checks made payable to CCA) **NO LATER THAN FRIDAY, MAY 14, 2010.**

All students in grades 3-8 **MUST** have a 2GB (or larger) USB Flash Drive next year. These are not included in the supply kits. However, most students already have one this year that may be collected by your child’s teacher (for safe keeping over the summer) that may be used again next year. If your child does not have a flash drive, please be sure to provide one in the fall.

Please note that students in grades 3-5 will need an organizational binder, but teachers are searching for one that will be the same for each student. Teachers may request a small fee from parents once a suitable tool is found.

Also, some classes will be providing class sets of such supplies as rulers, calculators, scissors, markers, and highlighters in an effort to save money for parents. If you would like to donate your child’s “gently used items” for these class sets and save money for the school as well, please let your child’s teacher know. There will also be a box in the office the last week of school that you can drop these items into before you leave for the summer. Your support is greatly appreciated.

If you have any questions, please see Lisa Cole (3rd grade teacher) or April Dowdy. Thank you for your continued support of CCA and your child’s education!!

CCA Staff and PTO

Student(s) Name(s) _____

Grade	Cost per kit	# of kits	Subtotal
K	\$22		
1	\$27		
2	\$32		
3	\$25		
4	\$23		
5	\$28
