

CARDINAL COMMUNITY ACADEMY

School Accountability Committee Meeting Minutes October 27, 2015

Present:

April Dowdy, Amber Epple, Tara Schutter, Susan Barrier, Ellen Swieter, Kari Cain, Tammy Kester, and Jody Auer

I. Assessment

April shared the results of Acuity A. Acuity is stating that students who score about a 51% have a high chance of doing well on the PARCC assessment.

II. Waiver Request

There has been no word back from the RE3J school board regarding our request for a waiver from participating in Acuity for the 2016 – 2017 school year.

III. Parent Satisfaction Survey

There was discussion about the survey. We will do two separate surveys this year. Ellen charged Jody with obtaining two questions from each of the content teachers about something specific that they want to know. The committee felt that the survey was too generic to be useful for making changes. In addition, the survey will be administered the first week of December so the staff can have feedback to implement possible changes by the beginning of the second semester. The survey will be compiled at the next meeting.

IV. After School Program

Amber will put together a final report on how much money the program brought in versus costs for the December meeting. We need to make a decision on whether to continue the program or not.
