

June 7, 2021

Dear CCA families,

I hope your summer break is off to a great start. Many parents have asked about the Covid Slide that some students have experienced this past year. Please read the Summer Enrichment portion for some efficient, effective, and free resources to keep your student learning all summer long!

Cardinal Champion: *This year we introduced one 8th grade student who is an excellent example of our 8 Cardinal Keys. The recipient is Megan Hopp. Congratulations Megan!*

Report Cards:

This year, our Report Cards will be issued electronically. Please log in to Infinite Campus to view your child's report card. Feel free to email us if you have questions about accessing the report cards.

Online Registration is open!

While you are on IC looking at the report cards, please register your student(s) for next school year. All students must be registered. If you have not registered, your student's seat is not guaranteed. Questions? Contact robinerker@re3j.com

Summer Enrichment:

- CCA does not offer a 'summer school', but we are proud to offer the online reading and math programs for each student. Students grades K-2 may access the **Reading Eggs and Math Seeds** programs for summer enrichment. Students grades 3-8 may access **Moby Max** to help diminish the 'summer slide'. Just 15 minutes a day will make a big impact! Please email us if you need assistance with log-ins.
- Another quick and easy way to offset the 'summer slide' is to make sight word flashcards. The grade-level sight words can be found [here](#).
- Teachers also recommend doing math flashcards with students for just a few minutes each day to increase their math ability and skill retention.
- Hudson Public Library will have a Summer Reading Program for students. Check the [Hudson Public Library Web](#) page for more information.
- Our CCAschool.net parent page is a great resource. [Linked here](#) is Learn from Home with numerous sites that are teacher recommended. Please utilize these resources for different ways to work with your students during the summer.
- And the #1 way to help your student during the summer is to read with them. Each day, 15 minutes of reading will make a world of difference.

Monday Newsletters and Office Hours during the Summer:

- I plan on sending out newsletters on an 'as needed' basis throughout the summer so please keep an eye on your email.
- Your CCA office will be open intermittently. Please call or email prior to arriving.

Summer Volunteer opportunities:

- Friday, June 18th is our clean-up Cardinal morning from 7:30-12. Please bring some gloves and sunscreen. We will work on weeds and trash pick-up around the building.
- Do you have a chainsaw? If so, there are some trees in the tree-line that need to be cleaned up. Please email me if you can help; I would so appreciate the help. Thank you!

Thank You's:

A very special thank you to all the parents who participated in the field day! What a wonderful way to end our school year.

Upcoming Events

- June 18th: Clean-up morning 7:30-12
- June 23rd: CCA Board of Directors meeting @ 5:30 guests via Zoom

Thank you for all the support shown to the CCA staff and me this past year. It was truly challenging and with your support and kindness, we were able to accomplish quite a bit!

Sincerely,

Maureen Lockette
