# MATH FACT FLUENCY CHALLENGE

We are working to master our Multiplication Facts!! Each week we will orally test on one group of facts and add the next group. For example, we will start with 0's and 1's then next week we will test on 0's, 1's and 2's and so on until we have tested on the entire set of facts within 10. Facts will be orally quizzed, with 3 seconds allowed for each fact. Each set of facts mastered will earn a component of hot chocolate to be enjoyed before Christmas Break. Please note the facts missed and practice, practice, practice!
